

ARMoured VEHICLE PROTECTION TRIM AND SOUNDPROOFING MATERIAL

Our closed cell sponge composites are designed with various faced barriers for effective soundproofing capabilities. We cut to size for all armoured vehicle makes and models.

Our soundproofing materials also serve as protection trim against wear and tear over long periods of time. Our material are aesthetically pleasing to suite different types of interior finishing.

TYPICAL APPLICATIONS:

- 
- Roof & wall lining
 - Interior soundproofing
 - Protection trim

ALTERNATIVE MATERIALS SUPPLIED:

- 
- Sealing strip
 - Rubber extrusions
 - Floor rubber mats
 - Engine heat and sound insulation
 - Rubber bump on pads
